**UNITE CLUB WELCOME YOU TO
NEURO FEST! 2026**

DURHAM

A CELEBRATION OF INCLUSION

Sponsorship Proposal

**Saturday 22nd August, 11am–4pm | Field & Fodder, Bearpark, Durham.
Hosted by Unite Club and Noo Noo's Forest School CIC.**

Introduction

Unite Club's founder, Katie Toner, is neurodivergent herself and works with organisations such as Karbon, McDonald's, Barclays and Tesco to support inclusive play and workspaces.

Her mission is to create spaces where everyone can thrive and Neurofest is her way of giving back to the wider community and supporting families who may find mainstream events difficult.

In order to keep Neurofest accessible to these families (often on low incomes), the events are sponsored by organisations who share that commitment.

What's In It for You

If your organisation has a CSR commitment to inclusion, or serves neurodivergent clients and SEND families, sponsoring NeuroFest puts that commitment into action, and in front of your target audience. Our sponsors benefit from:

- Brand visibility throughout the event and across all promotional channels
- Demonstrable inclusion credentials - valuable for CSR reporting, client relationships, and staff engagement
- 25% off Unite Club inclusion training and workshops (for sponsors of £500+) - practical support for building neurodivergent-aware workplaces and services
- Flexible packages from £50 to £1,500 - we'll work with you to find the right fit
- Please contact us directly to discuss tax relief and Gift Aid eligibility
- A genuine, lasting relationship with a community that remembers who showed up for them

What Your Money Does

Your sponsorship directly funds:

- Staffing: Trained people creating safe, welcoming spaces for every guest
- Food & drink: Keeping the event accessible by holding ticket prices down
- Workshop Resources: Directly supporting the neurodivergent and disabled small business owners who lead our sessions
- Venue costs: Ensuring that ticket and donation income flows into ongoing community services
- Entertainment & Photography: Making sure our guests have access to the safest, most inclusive fun and allowing us to capture, share and look back on those special memories
- The Sensory Shuttle: Our mobile sensory room, on-site all day, giving overwhelmed guests space to regulate and return to the fun

About NeuroFest

Now in its third year, NeuroFest is an inclusive festival for SEND and neurodivergent families, individuals and business owners - a safe, celebratory space to enjoy for the whole community.

In 2026 we're expanding to four local NeuroFests across the North East.

We expect a minimum of 50 SEND and neurodivergent families at each NEUROFEST, with four events running across the North East this summer, reaching an estimated 200+ families in total. Our combined social media audience of 3,200+ followers includes a private community group of 1,200+ SEND families and professionals, and every event partner promotes across their own networks

Family tickets are £10; individual tickets are £2.50. Keeping it this affordable is only possible with your support.

Can we talk?

Flexible, no-pressure conversation - we'd love to find what works for you.

Katie Toner (Autistic/ADHD) | pr.uniteclub@gmail.com

We're not just running an event. We're building a community where everyone belongs.
